Died November 20, 1926

Administration

Albert Bledsoe Dinwiddle, Ph.D., LL.D.

President of the University

PHRCE BUILTR, B.A., M.A., Ph.D., Draw of Newcomb College

EDWARD A. BECHTEL, Ph.D. Dean of the College of Arts and Sciences

College of Arts and Sciences

The College of Arts and Sciences is, with the exception of Newcomb College, the largest College of the University, with an enrollment of some 525 students and a faculty of more than 40. This College offers a wide opportunity for thorough training in language, literature, the social sciences, and the laboratory sciences. Its purpose is to prepare men for research work in the graduate schools, or for admission to professional study, or for a business career. The Pre-Medical Courses give a thorough preparation for the study of Medicine, while other courses provide for the needs of those who plan to enter upon the study of Law.

Judge Rules Edward Foster, 11.B.

Dean of the College of Law

The College of Law

The Tulane College of Law has been in existence since 1847, when it was known as the Law Department of the University of Louisiana, which subsequently became Tulane University.

The purpose of the College of Law is to educate men for successful practice in the courts of Louisiana and in the Federal courts. In all courses special attention is paid to the Louisiana statutes and decisions, but this in no way lessens the value of such courses for students who come from other states. The aim of the College is through the study and analysis of cases, to develop a legal mind and to ground it in legal principles.

To this end the college has selected instructors for their fitness to teach and to train and for their willingness to devote themselves enthusiastically to these subjects.

The college provides a large and well selected library by the use of which students become familiar with the extensive sources of the law and learn "how to find the law." Its courses cover every important topic, and a period of three years' study of law is required for graduation, enabling the student to become thorough in discipline and knowledge.

Satisfactory completion of at least two years of college work in an approved justitution is required before entering the College of Law.

Charles Cassidy Bass, M.D.

Dean of the School of Medicine and

Pharmacy

The College of Medicine

Emerson once said, and very truly, "The first wealth is health." It is more precious to a people than good roads; the improvements of rivers and harbors; the fostering of agriculture, or the conservation of natural resources. Upon good health depends efficiency and happiness. The line between efficiency and inefficiency is drawn upon the ability of the individual to go to work today; that between happiness and unhappiness upon the ability to enjoy the work of today.

Health is the great problem of life. In the past health has been dependent largely upon curative medicine. In the future it will be largely dependent upon preventive medicine. Statistics show that every fitty seconds a life is lost to our country through preventable diseases. Medical science believes that the known preventable diseases constitute only a fraction of those that can be prevented.

Ever since its establishment in 1834, the Medical College of Tulane University has been doing its utmost to raise a standard of medical education throughout the country. Now, after ninety years of active existence, it has taken its place with the leading medical colleges, not only of the state and country, but of the whole world.

Dinigri Marin, M.D.

Dean of the Graduate School of the College of Medicine

The Graduate School of Medicine

The Graduate School of Medicine is the Post Graduate Department of the College of Medicine of the Tulane University of Louisiana. It is the Mecca for the physicians who wish to take short, review courses, or those leading to a specialty. During the forenoon instructions are given by men of training and experiences in the clinics of the Charity Hospital, Touro Infirmary and the Eve, Far, Nose and Throat, Hospital, and in the afternoon and evening didactic lectures are delivered at the Hutchison Memorial, covering all of the branches of Medicine.

Douglas Smith Anderson, B.E., M.E., Dean of the Gollege of Engineering

The College of Engineering

The College of Engineering offers courses of professional training in the fundamental principles underlying the various branches of Engineering and Architecture. The formulation of these courses is the outgrowth of the best thought of educators and the engineering profession and of our own experience during the last two decades.

The technical studies in the College of Engineering are contained in four divisions called schools. The schools are divided into departments. A department includes subjects, or groups of subjects, which are similar in nature. The Schools are: Mechanical and Electrical Engineering; Civil Engineering; Chemical Engineering; Architecture.

No candidate for a degree is allowed to restrict himself to the narrow training which might be imparted by any one school. Work in the technical departments of one of the above schools is made the backbone or principal part of a four years' course, and supplemental work is required in other schools in the college.

Morton Arnold Albrich, A.B., Ph.D. Dean of the College of Commerce and Business Idministration

The College of Commerce

The purpose of this College has been since its establishment in 1914, to offer substantial professional training preparatory to a business career. The instruction offered is planned for students sufficiently able and mature to do work of university grade, and no student is received unless prepared to do work of this character. It is essential also to the permanent success of the College that its students approach their work in an earnest professional spirit. Students failing to do so may expect to be asked to withdraw.

In order to make the course available for business men and women, classes are also held at night from 8 to 9:45. These classes meet at Gibson Hall, Tulane University, each course being held one night a week. By thus devoting only one night a week to attending a course, a student may take any of the night courses offered,

ALIRED ARCHIBALD LEELE, D.D.S. Dean of the School of Denistry

The College of Dentistry

The School of Dentistry was organized twenty-six years ago as the New Orleans College of Dentistry, and in October, 1909, became the Dental Department of Tulane University of Louisiana. With this consolidation the equipment was largely added to, increasing materially the facilities for instruction. Additions to the equipment will be made each season as the progress of modern dentistry demands.

Beginning with the session of 1913-1914, the title of the Dental Department was changed to the School of Dentistry of the College of Medicine.

The school is a member of the American Association of Dental Schools, and is recognized by the National Association of Dental Examiners.

Beginning with the session of 1917-1918, the School of Dentistry has offered a four-year course, leading to the degree of Doctor of Dental Surgery.

The School of Dentistry, beginning with the 1925-1926 session, requires a student to have successfully completed one year's study in the College of Arts and Sciences before enrolling in the Freshman Class, thus making the study of dentistry a five-year course. It is for this reason that no freshman class was enrolled last year.

GLORGE STUNE BROWN, M.Ph., M.D. Chairman of the Laculty of the School of Pharmacy

The School of Pharmacy

This school was established in 1838. In 1908, the Pharmaceutical School of the Medical Department became the Department of Pharmacy of the Tulane University of Louisiana, and in 1913, with the reorganization of the divisions of the University related to Medicine, the School of Pharmacy became a part of the reconstituted College of Medicine.

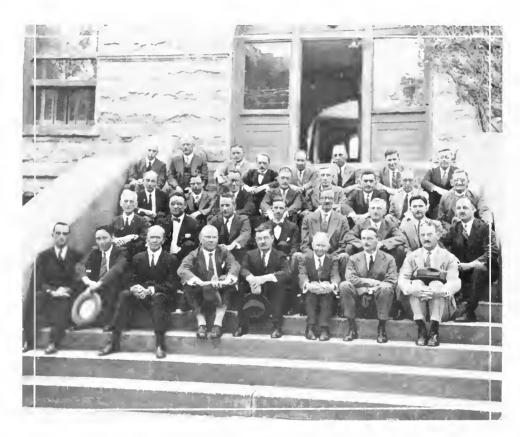

The school holds membership in the American Conterence of Pharmaceutical Faculties, organized to promote the interests of Pharmaceutical education.

UPTOWN TULANT FACULTY

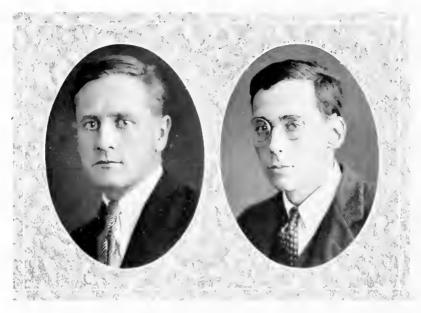

NEWCOMB LACTETY

FRANZ BLUM

OLIVER LAFARGE

The Department of Middle American Research

The Department of Middle American Research, youngest of Tulane's activities, was founded in March, 1924, for studies in Mexico and Central America. While its program eventually embraces the formation of a center of information on all phases of the subjects, in 1925 authropological and agronomical expeditions were sent out. The past year has been devoted to working up the reports of this field work, to the organization of the department, and to ordering and completing its extensive library of reference. At present it gives no courses, but offers to the university and to visitors, through exhibits and books, the means of becoming acquainted with the most picturesque and interesting part of the two Americas. Scientists and business men from various parts of the United States and from foreign countries have already begun to avail themselves of these facilities. The department's present plans involve a slow expansion of its field of interest, more exploration, and continuation of its policy of welcoming and assisting visitors. Students of the university are particularly welcome at all times.

Committees of the University Faculty

- The President of the University is ex-officio member of all committees.
- Committee on Admission and Idvanced Standing-Professors Bechtel, Menuet, Anderson, Lyon, Tew, Durel, Van Kirk, Bass, McCutcheon.
- Committee on Ithletics-Professors White, Anderson, Buchanan, Smith, Elliott.
- Committee on Commencement—Professors Frotcher, Crozat, Gessner, Ten Hoor, Robert, Elliott, Griffin, Many, Bruff.
- Committee on Debating-Professors McBryde, Bonnett, Kirk, Prescott, Reed, Hargrett.
- Committee on Traternities-Professors White, Moseley, Derrickson, Hardesty.
- Committee on Grounds and Buildings-Professors Anderson, Cocks (Deceased), Robert, Derrickson, Thomson,
- Committee on University Library—Protessors Cocks (Deceased), White, Bechtel, McBryde, Kendall, Elliott, Buchanan, McCutcheon, Gregory, Miss Bell.
- Gommittee on Student Publications—Professors McBryde, McCutcheon, Simmons, Hardesty, Kendall, Martin, Elsasser,
- Gommittee on Distribution of the Student Ive-Professors Bechtel, Giffin, Robert, Ashman,
- Committee on Dormitories-Professors Hardesty, Anderson.
- Committee on Julius Y. M. C. L.—Professors Mathood, Lyon, Hardesty, Sellers, Dunlap, Latimer, Simmons,

Review of the Season

The Green Wave, like most waves, had its ups and downs. The downs were not ignoble, the ups were brilliant. Pursued by ill luck, minus men of the stellar magnitude of "Peggy" Flournoy, "Irish" Levy and Lester Lautenschlae-

Missilii

DERES

SHEWS

"Ike's" Brilliant 65-yard Run for a Touchdown in the Sewance Game

ger, and faced with the most difficult football schedule ever attempted by Tulane University, one that called for the Green Team to be on the road three successive weekends, the Green Team made a record of which none need be ashamed. Riding on the crest of the Wave were Captain "Harry" Gamble, All-Southern end; "Pat" Brown, captain-elect; "Hoss" Talbot, Harvey Wilson and Ike Armstrong.

The opening game, with Louisiana Polytechnic, was played on November 26th, in the old stadium. Captain Blue Hogg and his teammates fought hard, but Tulane succeeded in bringing home the bacon with a 47-0 score. Nearly every Greenie in uniform got into the game.

The following Saturday, on a water-soaked field the Green Wave participated in the opening of the Missouri Memorial Stadium by being party to a 0-0 game. Twice

"Pat" Kicks from Behind Goal-tuburn Game.

Tulane worked the ball to the Tigers' ten-yard line, and twice Bacchus, All-American end, knocked down a pass but a tew yards from the goal. Morgan's long boots, netting an advantage of ten to twenty yards on each exchange, kept Missouri on the defense throughout. The great Tiger team, that subsequently crushed West Virginia 27-0, never advanced further than Tulane's thirty-yard line. Morgan, O'Pry, Talbot and Brown stood out for the Greenbacks.

Georgia Tech gave Tulane her first setback. An overwhelming last half attack which reached its zenith in the final period, overcame a six-point advantage and swept

PALIFAIO LORIO WALLS

"Ike" Around End-Sezvance Game.

the Golden Tornado on to a 9-6 triumph. To the trip hammer plunges of one "Red" Barron and to an inspired Tech line which was adamant four times on its two-yard line can the result be traced. Gamble, Armstrong and Talbot starred.

Tired from two road trips and crippled by the loss of the invaluable Harvey Wilson, after a battle royal in the first quarter, Tulane proved easy for the New York University team that went through the season undefeated until their last game. A dazzling aerial attack featured by the deadly passing of Connors and the line

Pizzano Talbot Waison

Just a "Ford" Tearing Through-1. 3 M. Game.

plunges of Briante behind a charging wall of giants proved too much for the handicapped Greeniees. Ford Seeuws and Menville bore the brunt of the Wave's offensive.

In the first game in the new stadium, two yards was the scanty margin by which Tulane missed the victory, and two points was the scanty margin by which Auburn annexed the game. A blocked kick rolled behind the goal and was recovered by an Auburnite for a safety. The line functioned well, but offensive punch was lacking.

Tulane broke its losing streak by taking Ole Miss into camp, 6-o. "Pat" Browne, playing detensive end, was the individual star of the game. Making two shoe-string

Menville Through the Line-Ole Miss Game

catches of passes, he planted the last on the one-yard line and "Baby-face" Pizzano carried it over. Ford Secuws and Johnny Menville were the best ground gainers for the Green Team.

Though Tulane made eleven first downs to Miss. A. & M.'s nine, the Aggies blanked the Wave, 14-0. Fumbles which three times brought drives to an end within A. & M.'s twenty-yard line, ruined Tulane's chances to win. "Doc" Wilson, Harvey Wilson, Talbot and Seeuws played well.

The next Saturday found Tulane handing Sewanee a 19-7 defeat—Sewanee, the team that held Alabama to a safety. With the ball in the Green's possession for the first time, 57 seconds after the starting whistle, "Ike" Armstrong squirmed and side-

Secures Goes for Long Gain Igainst the Tigers

stepped sixty-two yards for a fouchdown. The teams lined up and Tulane kicked off. The ball went to "Traveling Tommy" Young, who made a seventy-yard four through the entire Tulane team, only to be pulled down from behind by the fleet Ford Secuws. The second fouchdown was made by a pass to Gamble following a thirty-five-yard return of a punt by Armstrong. The last score for the Green Wave came shortly after as a result of a drive down the field, Secuws and Menville doing most of the ball carrying. Every Greenie on the field played well, "Doc" Wilson, Harvey Wilson, Gamble, Maier and Pizzano played superlatively good football.

"Pat" Catching the Pass That Defeated Ole Miss.

The Thanksgiving game with L. S. U. was one of the most bitterly contested games in the history of the series. The first downs were even, thirteen apiece. The ground gained from scrimmage was just about the same, but Tiger passes worked where Tulane passes failed and the result was a one-touchdown victory for L. S. U. Tinsley, Haynes and Wilson stood out for the Bengals. For the Greenbacks, Shorty Norman, Ike Armstrong, Harvey Wilson, Pizzano and Maier were the stars.

It was not a successful season, but as Coach Shaughnessy told the team, after the L. S. U. game, "You can walk up the street and look anybody in the eye; you gave your best, and I'm proud of you and Tulane is proud of you."

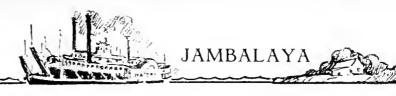

Morgan

BROWNE

Tulane Vs. L. S. U.

Never in the history of the athletic relations between Louisiana's two great universities has there been so much enthusiasm and so keen and friendly a spirit of rivalry as there was in the 1926 Tiger-Greenic clash. The olds were overwhelmingly in favor of the Bengals until several weeks before the game, when the Green Wave drowned Sewanee by a 19-6 score. After this superlative demonstration of their power, Tulane was placed on an even footing with their friendly enemies in Baton Rouge.

The game itself, though not spectacular, was a fierce battle, but cleanly played throughout. The Tigers' touchdown early in the first quarter, which gave them a 6-0 victory, was all the scoring done in the game. This was the first grid victory for the Tigers at the Greenies' expense in four years. May it be the last.

Greenies Battle the Ligers Between Capacity Cross.d.

The Little Billow

Freshman Football

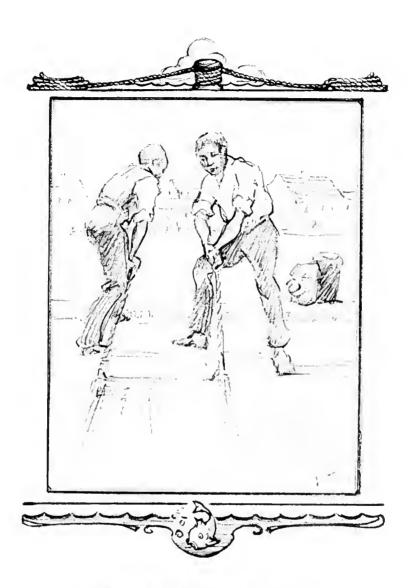

The Little Billow of 1926 proved a formidable opponent.

The first two games of the season were victories, and it was only in the last game that they suffered the sting of defeat.

The game with Ole Miss resulted in an easier victory than the score would indicate, and the game with the cadets from Gulf Coast also showed a powerful little Green Wave in action. However, much to the amazement of everyone, the Baby Bengal from Baton Rouge sauntered down to New Orleans to trim our heretofore victorious freshies in the bloodiest battle of the season.

Under the expert guidance of Coach Arthur Hammond, a wealth of good material was developed. The offensive playing of Captain Mangum and Banker, and the defensive work of McCance and Rucker were the outstanding features in the Freshman games.

BASKETBALL

Basketball Review

At the beginning of the season, Coach Claude "Monk" Simon was confronted with the delicate problem of organizing a team of basketeers from a group of promising but inexperienced material. Captain Wilson, Browne and Setzler were the only letter men from last year who reported for duty. However, "Monk" took the material he had and developed a formidable quintet whose pep and fighting ability offset to a great extent what they lacked in experience.

To open the season Tulane nosed out Sewanee in two games. They were beaten by Ole Miss twice, but by a very close margin and showed considerable improvement in form. Tulane then lost a couple of contests to the Mississippi Aggies and one to Auburn. In the game with Auburn the Greenies were without the services of their star forward and Captain Gordon "Doc" Wilson, who had just resigned from the University.

Basketball Review

There are games yet to be played with Auburn, Alabama, Georgia Tech and L. S. U. If Tulane continues to improve at its present rate, they should win the majority of the remaining games.

Captain Wilson, Chatelain and Brown were the stars of the season, although the work of "Craw" Davidson and Setzler was exceptionally good. This is Davidson's first year on the varsity—he is fast and an accurate shooter and should develop into a stellar performer by next season. Chamberlain, Levy and several others also showed up well in many of the games.

BASEBALL

JAMBALAYA

Baseball

HE BASEBALL SEASON, while it could not be called satisfactory from a standpoint of games won and lost, was interesting, and the Tulane team showed potential power at all times, and prospects for next year are good.

Most of the games lost were by small margins, and the Greenies appeared as good a fielding team as any in the conference, but inability to hit when hits meant runs spelled defeat in the majority of the lost contests.

The season opened March 26-27 with the strong Mississippi Aggies, and Tulane dropped both games—the first by a one-run margin—but the Aggies showed their power in the second fray and the Greenies were snowed under.

The Auburn Tigers were the next to play in New Orleans. Coach Simon's Greenies broke even and chalked up the first win of the season by taking the opening game of the series 4 to 2. The second was lost, 4 to 0.

Wisconsin played one game here which they won 2 to 0, the other contest being rained out.

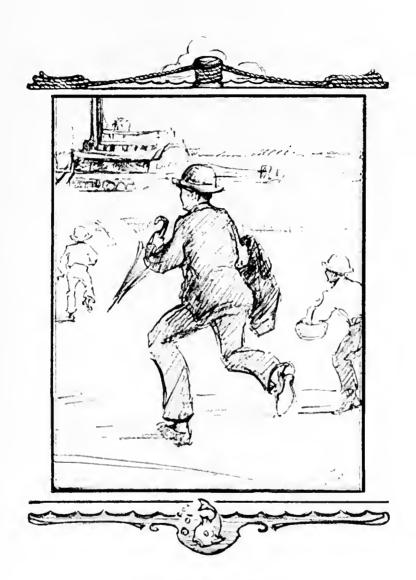

The next two weeks found the Greenies on the road, and a pair of games were lost to both Ole Miss and Alabama. Scores in the Ole Miss series were 4 to 2 and 5 to 0, while the Crimson swamped the Green Wave 15 to 2 and 8 to 2, in consecutive games.

On Monday, May 3, Tulane met the "Upstate Feline" on State Field, and lost in the rain by a 2 to 0 score. Tulane played fine ball in this game and deserved a better break. One hit and an error in the fifth inning gave the Tigers two runs which proved the winning margin.

The following Friday and Saturday the Tigers came to New Orleans, and the Greenies took the second game 4 to 2. With one game to play, hopes were high for a win in the annual series, but the "House Cat" came back strong and made it two out of three by winning the final game of the season by a 4 to 2 score.

Twelve letters were awarded, and Ham Barham was elected captain of the 1927 squad. Eight or more of the letter men are expected to return, and the Greenies are looking forward to a successful season with the "Old Reliable" Coach "Monk" Simon once more at the helm.

TRACK

TRACK

Tulane's 1926 track season was reasonably successful. The first event of the year was the annual A. A. U. cross-country race at City Park, which Tulane won in fine style. The first Tulane man to cross the finish line was Harry Monroe, who placed second.

Tulane opened its intercollegiate track season with a triangular meet with Ole Miss and the University of Hayana. The meet was held at Oxford, Mississippi, and Ole Miss came out the winner.

Tulane sent two men to the Georgia Tech relays at Atlanta, and Bill Duren, our star hurdler, placed third in the high hurdles.

The Alabama-Tulane meet took place here and the Olive and Blue easily won the contest, piling up a score of 75½2 points to Alabama's 50½. Bill Duren, Walter Moss and Captain George DeGarno each captured two places. Tommy Killeen began Tulane on the winning end when he took first in the 100-yard dash. Wallace Hay upheld Tulane's colors in the field events by outjumping his opponents in the high jump and tying for first in the pole vault. John Rochester heaved the javelin for another Tulane first place. Harry Monroe showed fine style against Tommy Smith, Alabama's crack distance man, but was beaten by Smith's dash at the end.

The day of the Vandy-Tulane meet was rainy, and as a result four field events were cancelled. Vandy won the meet by taking seven first places and six second places. Bill Duren was the best performer for

Tulane. He won both the 220-yard dash and 120-yard high hurdles. The 100-yard dash resulted in one of the closest finishes ever known at Tulane. Killeen, who won, with Applegate of Vandy, and Walter Moss, who came second and third, respectively, were almost in a dead heat for the entire distance.

The annual track meet between Tulane and L. S. U. took place at Baton Ronge. The Tigers showed better form than we did, and piled up a large score to their credit. Duren and DeGarno were the Tulane stars of this meet. DeGarno's race with Mitchel in the mile was one of the most interesting events of the meet. The race was close, but Captain George's spirit at the end enabled him to win.

The meet with Mississippi Aggies practically closed the track sea son at Tulane. The Aggies showed a strong, well balanced team, and were especially strong in the weights. This enabled them to win by a fairly small margin. Killeen showed fine form by taking the 100 yard and 220-yard dashes, the former in the remarkable time of ten seconds. Chamberlain and Hay took first and second in the high jump, and Duren and DeCarno each took their events.

At the Southern conference meet at Chapel Hill, N. C., Bill Duren came second in the high hurdles. Mso at the National Intercollegiate meet at Chicago he came fourth in the same event.

MINOR SPORTS

THE 1927

JAMBALAYA _____

Golf

UE TO THE ineligibility of several stellar players, Tulane was not represented by a golf team last year. However, Captain G. Fred Lamprecht, star golfer and football player, managed to keep Tulane to the fore in golf by easily

winning the Louisiana State Championship for the second time, the Gult States Championship for the fourth consecutive time, and National Intercollegiate Championship for the second consecutive time.

During his stay in school Lamprecht has also held the New Orleans City Championship, Southern Intercollegiate Championship, and the Cleveland District Championship. In winning the National Intercollegiate Championship for the second consecutive time, Lamprecht holds the unique distinction of being the only one besides Dexter Cummings of Yale to hold the title for two years.

Although Lamprecht's loss will be keenly felt, the ontlook for this year's team is very bright. Tulanc's best bet to again reign supreme in collegiate golf seems to rest in Captain "Al" Reuning, who has twice won the Junior City Championship. Al is going in great form, having recently won the "Pine Hills Open." Those returning who have already played varsity golf are C. B. Fox, Conrad G. Collins and Louis Caron, while from the freshmen such players as Gordon Hayward, Gordon Johnson, Oakley and Don Armstrong will be on hand. With such a wealth of material Tulane should not only capture individual championships, but the team trophies as well.

Tennis

ANDICAPPED by the necessity of breaking in practically a whole new team, Tulane's netmen of '26 achieved considerable success, defeating L. S. U. twice, tying Alabama at Tuscaloosa, and fighting their way to the final rounds in singles and doubles in the Southern Conference Championships—losing in long, hard-fought matches.

The '26 team was composed of Leonard Chamberlain, captain; John Baine,

Merle Waltrip and Frank Stewart.

In the Southern Conference Championships Chamberlain lost in finals to Florida in five sets. Chamberlain and Baine lost in finals to Georgia Tech in five sets.

Results of other matches were as follows:

Boxing and Wrestling

The Tulane wrestling team won two championships in the S. A. A. U. meet in 1926. The same material as last year and much more is available, so prospects are great and a record team should be entered in 1927.

Although boxing is not of such importance as wrestling, there is a quantity of good material and an excellent record should be established this year.

Newcomb Athletics

NEWCOMB BASKETBALL

Newcomb Sports

The Newcomb schedule for sports is an elaborate one. It begins with Newcomb ball and volley ball in order that the girls might accelerate speed for the four major sports—Newcomb basketball, baseball, Spalding basketball and hockey. Varsity teams are chosen for the last four sports, and these teams play the alumnae. But the feature of the year is the Varsity-Faculty baseball game. The grand finale is Field Day; the real athlete gets her chance to shine here.

APPARATUS DRILL

Those girls who are more energetic practice archery, fencing, swimming and apparatus work. Later in the year meets are held for these activities. Tournaments in tennis, bowling and croquet are held from time to time to vie for class honors. Everything that a girl accomplishes or even tries for gives her a certain number of points. The first award for points is a Newcomb "N," the second a sweater, and the third and most difficult to obtain, a Newcomb bronze and blue blanket. This has only been won by one girl.

JOSEPH WHEIAM REDDOCK

We believe in the tenets of abiding truth which is the guiding star of our Order.

We believe in the helping hand which is the bar which binds us in our calling,

We believe in the unity of service to one another which lends to the weary a word of cheer, to the poor a portion of our share, to the weak a need of pity, to the stricken a voice of comfort, to the old a memory of youth, and to the wayfarer a help along to the journey's end.

Our emblem will always be an inspiration to duty, remembering it stands for excellence in all things, purity of purpose and honesty of method and effort, with the blessing of an Alma-Mater upon each who wears her badge of honor,

May our lives lie among the stars which light the way to the great mystery, and may we so live that when we reach the end of the road we may find the yell, which parted leads to the heights of everlasting peace.

Sic al. Istra'

Alpha Chapter of Louisiana

An organization to encourage and reward scholarship and accomplishment along the lines of business and campus activities among students and graduates of the commercial courses in American colleges and universities; to promote the advancement and spread of education in the science of business; to foster principles of honesty and integrity in business practice; and to encourage a more friendly attitude of the business public towards graduates of commercial courses.

The local chapter was organized through the petition of members of the former Commerce Key.

Tulane Student Council

The Tulane University Student Council is an organization composed of the presidents of the various student bodies of the different colleges of the university. The council is supreme as a law-making body relative to all phases of student affairs which involve the university at large. The Student Council was organized with the inception of student government at Tulane March, 1015. Members for the past year were as follows:

WYLLER O. Moss, President	. Medicine
LAWRENCE K. BENSON, Vice President	Lass
WERR W. JORDAN, Secretary Areasurer	Dentistry
JULIAN E. HAAS	Irte and Seiners
W. BANG CARIER	Committee
JOHN C. BAINE, JR.	Inginizing

Tulane Newcomb Christian Union is an organization of Christian students, fostered by the Y. M. C. A. of Tulane and the Y. W. C. A. of Newcomb. The main object of the group is to discuss student problems and to find out in what ways Jesus helps to solve these problems. The unit seeks to bring about a greater fellowship of students, and also to broaden its interests into acts of service. All students of both Tulane and Newcomb are most welcome.

HANDBOOK COMMITTEE

A. HOPFENSITZ Myron Falk Joe Fernon

The year for the Tulane Y, M, C, A, has seen many changes. New activities were introduced and old ones were improved. Growth and development have readily been witnessed by those who have known the "Y" in the past few years. The hut has become a greater student center than it has ever been.

The new General Secretary, Mr. II. E. Robinson, arrived at the beginning of the year, and has received the whole-hearted approval of both faculty and students since that time.

The Handbook for the Freshmen, with its "no-repeat" goal accomplished as regards articles describing campus activities and personages, was distributed to all new students and to many upperclassmen as well.

The "Y" sought to co-operate with the churches of the city by furnishing volunteer student workers and speakers at various times. The Tulane-Newcomb Christian Union met each Sunday evening for discussion of student problems in the light of Christian principles. Devo tional services were conducted each Wednesday noon and found a place in the campus life. Deputation teams were sent to nearby towns and to local churches and institutions. Bible study groups were conducted among dormitory men, fraternities, and other students.

There have been several of the ever-popular "Campus Nights," and other entertainments given in the hut by campus organizations. In addition, the lounge room has a steady source of entertainment with its Orthophonic Victrola, piano, and magazines. Ping-pong has become a serious indoor sport for many of the students, and pool and billiards drew their share of interest.

The Part Fime Employment Bureau was responsible for the placing of many students in after-school positions.

The Dug Out was started during the year, and caudies, pop and other refreshments were sold. It also served coffee to the Campus Guards on the eye of the L. S. U. game.

The Cabinet met each week to plan the work of the organization, and held monthly meetings to study the deeper meanings of the Y. M. C. A.

The Treshman Club was organized again, and a number of new men found work and acquaintances there.

Readers of the daily newspapers and the Tulane Hullabaloo have been kept in touch with the progress of the "V's" work through the efforts of the publicity committee. The exhibit in the downtown store display window shown during the Community Chest drive was the work of this group.

Lulane was represented at the first National Student Conference, held at Milwaukee, Wisconsin, December 28 to January 1, by two "V" members—Fred McKinney and Joseph Lernon,

Membership has been on a service basis, those doing active work being known as Active Members, while all others were classed as Associate Members.

The "V" has received its financial support from students, the university, the churches of the city, the Community Chest, and friends at large,

Officers for the year 1926-27 were. Frank E. Jensen, president; A. Watson Chapman, first vice president; Sherwood S. Clavton, second vice president, R. L. Heindel, Jr., secretary, Forest Buchanan, treasurer; H. F. Robinson, General Secretary.

The Laculty Committee has the following as members: Professor S. A. Mahood, chair man, Professor I. A. Lyon, Professor Living Hardesty, Professor Thomas B. Sellers, Professor A. Lee Dundap, Professor Claborne, G. Latimer, Professor George, E. Simmons,

The Cabinet members were: T. Buchanan, A. W. Chapman, S. S. Clayton, L. L. Davidson, W. G. Dwen, M. Lalk, J. Lernon, Julian Illias, L. Harris, R. J. Heindel, Jr., T. Hensley, F. T. Jensen, J. McKinney, H. M. Moore, H. Stolley, C. A. Lerhune, B. W. Yamey.

RUTH MADDOX

THAIS MICAS

Clara Mae Beer

Because she has won the admiration of all students for her untiring work for the college, her charming personality, her never-failing smile, her consideration for all has given her the highest place in student government—the presidency of the Student Body. Because she has never failed in Student Body meeting to relieve situations by saying the unexpected. Because she is Clara Mae Beer.

Frances Page

Because she has made a rather unpopular office popular—that of president of Student Council. She has done much in activities for which she has received no credit.

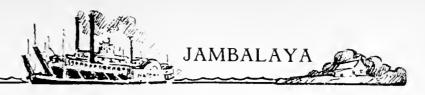

Marjorie Watson

Because, in her quiet way, she has accomplished an amazing amount, both in the art and in the academic school; she has capably filled her office as president of the Josephine Louise House; because she did the art work for this book, which speaks for itself.

Harry Gamble

Because he was captain of the 1926 Green Wave. Because he was selected All-Southern End. Because he has proved himself so worthy of his membership in Kappa Delta Phi. And because he is a gentleman, scholar, athlete and busband.

William Duren

"Bill"—because he is a glorious example of what strength of character and determination can accomplish. Beginning as a mediocre track aspirant, he succeeded in becoming me of the best hurdlers in Dixie. And because he is a member of Phi Beta Kappa.

Martin T. Hoor

Because he has labored tirelessly to give Fulane a band and orehestra of which she may well be proud. Because he is a gentleman and true friend, and is so popular with the students.

Walter Moss

Because he is honored and respected by his fellow students. Because as president of the Student Council he has held the interest of his university above everything. Because his collegiate life has been so active and varied. Finally, because after several years of perseverance and hard work he made his letter in football.

Lawrence Benson

Because "Larry" is a hundred per cent allaround good fellow. So sincere and such a capable student. Because he is a member of the Student Council. Because as cheer leader he has accomplished more than any of his predecessors in getting the throngs to cheer as a body.

Harvey Wilson

Because he has risen so high among his classmates and is yet so modest. Because he was selected as the most valuable player on the 1926 football team. And because he is a true gentleman in every sense of the word.

Webb Jordan

Webb has so many good traits that it need only to place his name under his picture to awaken in the minds of his triends and acquaint ances all the things a man ought to be. He is president of the dental student hody and a member of the Student Conneil. His modesty equals his ability. The university is losing one of its most able supporters from under graduate life, and lus fellows a most cherished as sociation.

Hyder Brewster

Because he has established such a high and enviable record as a student of medicine; one that is a product of an ever flaming desire and diligent effort to know the truth rather than to excel. Because he is richly endowed with those humane, understanding and appreciative qualities of man along with character, personality and the proper amount of dignity. And finally because as a triend he touches our inmost heartstrings that awakens re-echoing sentiments that sing strong and clear.

Cargoes

A May Fete from Class of '27 to Class of '26. Saturday, May 1, 1926.

Quinquireme of Ninewah from distant Ophir Rowing home to haven in sunny Palestine, With a cargo of ivory And Apes and Peacocks, Sandalwood, cedarwood, and sweet white wine.

Stately Spanish galleon coming from the Isthmus, Dipping through the Tropics by the palm-green Shores, With a cargo of diamonds, Emeralds and amethysts,

Topazes, and cinnamon and gold moidores.

Dirty British coaster with a salt-caked smoke stack, Butting through the Channel in the mad March days, With a cargo of Tyne coal, Road-rails, pig lead. Firewood, ironware and cheap tin trays.

-John Masefield.

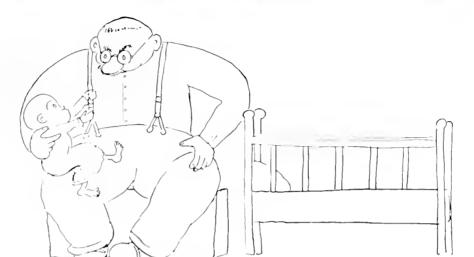

Once upon a time Eastern merchant princes headed by Zahn of Ophir, besieged repeatedly on the bounding main by pirates, became gentlemen buccaneers, and as it came to pass were cast upon the isle of the Genii. By chance Zahn discovers an ancient chest containing the long-buried Aladdin's lamp, whereupon he and his crew wish, in true pirate fashion, for those Cargoes from the quest of which they had been temporarily turned.

Papa Du Rock's Bedtime Story

A Polyglot Fairy Tale of Modern Youth

"Papa Du Rock," screamed Mania Du Rock (who was washing the dirty dishes in the living room sink), "Tell Junior a bedtime story just like they tell on de radio,"

"Sure," rejoined Papa unabashed, "Let's see. Oh, yes. Once upon a time there were three bears and a little girl named Red Riding Hood—" "Hell," interrupted P. Du Rock, Jr., aged 2, who was in every sense a modern youth). For Pete's sake don't bore me again with that silly varn about her. I know how she kept the wolf from the door," "Well, what sort of stuff do you want me to tell about? What about a traveling salesman story? Did you hear the one about the farmer and his daughter and the beans—"

"Hell, ves, that's number 402. Oh say, do you know anything about the Greek world?"
"Do 1," proudly exclaimed the elder Du Rock. "I am the original Delphian oracle. I know everything. When a Greek meets a Greek they open a restaurant where they sell ros bift.—"
"Oh, Hell, no.—It you weren't purported to be my pater, I'd call you an idiot—I mean the World of the Collegian."

"Pardon me, son. Of course I know what you mean, I had a triend once who knew someone who belonged to the Greek Letter lads, and he told me all about them at Tulane. Let me start, as would Plato's Crito, at the beginning, by giving a metaphipical definition of a fraternity, then follow the method of induction by citing numerous individual examples from which by Socrates' deductive method, you might draw a conclusion."

"Chero," complimented the intant, "You didn't read Dr. Elliott's 5 toot shelt every day for nothing," and ditor's note. Not an advertisement.

Then Papa Du Rock, teeling that he had regained the prestige which he a moment ago had lost with his all too poorish crack, smiled, spat his tobacco in the spittoon, and began his discourse on trateriories.

So fit. A tratefinity, soo, is what is known in vernacular as a suck in. It is an organization with roots in a mement of madness and like Beelzebub and his fallen arch angels, he spends the rest of his college life trying to suck other boys in to get even. And the worse his fraterinty is, the more he tries to get even. It's past a question of suffering. There are twenty lodges at Tulane sporting the apellation of Greek letter clubs. They are all terrible and my advice to you is to join the Y. M. C. A, when you go to Tulane.

The frattiest frat on the campus is Sigma Pi. It is God's gift to the rural boys, and any unsuspecting lad from the bayones and the tall timbers will find himself pledged to Dean Becky's frat it he doesn't watch out. And that's not all: He'll be dressed a la collegiate overnight and be a real frat boy. Inside of two weeks he'll be making 6:30 to 7:30 dates, gol darn it!

The Alpha Tau Omegas mean well. They rush more and get less than any other fraternity in the world. They never give up trying and every rushing season you can see them patting silly little freshmen on the back, bowing to them, flattering them, shining their shoes, etc., etc., Once every twenty years or so some child, who has a sense of Christian pity, goes A. T. O., but it's better not to go A. T. O. than to wish you hadn't.

JAMBALAYA

Advertisement is the watchword of the day. We have advertising churches, realtors, automobile dealers-even advertising fraternities. The Sigma Alpha Epsilons, largest benevolent and protective order of collegians in the world, are the original advertising frat. Their press agent writes weekly in the papers of their Auxiliary Society, and their Alumni Association, etc., as if anybody cares. Anyone who knows the facts of the matter would say all is not gold that glitters or in other words don't believe what you read in the newspapers.

Cicero Ramsey's fraternity gave a party at the Patio. It was a cold night, so Cicero wore his longs, but somehow or other he couldn't dance, so big-heartedly he helped the policeman at the door take up the strictly invitational admit cards of the fraternity representatives. A big time was had by all, in fact, as one of the girls said—It was better than any De Molay dance she had ever been to. You have to hand it to those D, K, L's.

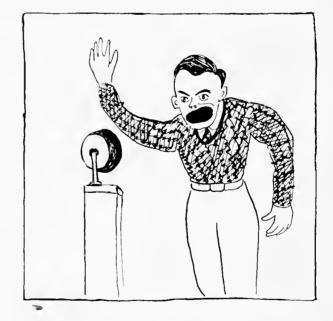

A wandering Phi Delta Theta alumnus, feeling the urge of bygone days, dropped in to State Street hungalow to see the boys and whoop it up a bit. As he entered, a strange sight greeted him. The Phi Delta Theta Mothers Club was in session sewing the hoys' socks and fixing the curtains, and telling all the little boys how nice they were. "Hell," he grumhled, turning on his heel, and leaving, "This ain't the Phi Delta Theta House, it's the Beta House."

"This is Station S-i-g-m-a N-u, The world famous Sommer Benedict will tell you all about the fraternity world and what the best frat in the world is—Voice on the Wire: the Sigma Nushave never lost a man to any other fraternity. That's all I have to say. Good night," And the truth of the matter is, his statement is correct.

A man may be down but he's never out. So may a fraternity. Look at the Sigma Chis. They still have their chapter, but that's about all. They might stage a comeback sometime, but as long as they continue to exhibit themselves on drug store corners there isn't much hope.

No, sir, the Sigma Pis ain't got nothin' on us when it comes to the country lads. Why, when us Kappa Sigmas suck in some poor country gentleman's son we at least attempt to make him feel at home. Look at our social functions. There ain't any of our boys (nor our guests) but what feels just like they're at a good old time barn dance. Pledge Kappa Sig and meet the Newcombite—from your own home town.

The Betas make nice fellas out of anybody. They sing and they sing and they sing. In fact, it is the singing fraternity. You can always tell a Beta by the fact that he sings and also—well, you know, er—he's a nice fellah.

And Caron Ball is still with us. Down the road they came, Caron and his thirty freshmen, brave and true to Caron. On to St. Bernard to stop the trappers' war. Caron and his freshmen and with them many unfortunate rushees to see the great outdoors and learn the glory and principles of Pi Kappa Alpha. (Editor's note: This was really worse than this but I couldn't let it get by).

THE 1927

Everybody must satisfy their gregarious instinct. Therefore are 3 Semetic guilds. However it is pre-ordained who shall belong to what fraternity. The boys whose fathers have their stores on or near Canal street will be Zeta Beta Taus. Those a little farther down on Rampart will be Sigma Alpha Mus while those down on Rampart near Julia have the choice of joining Kappa Nu or Kappa Nu.

A chain is as strong as its weakest link, the K. A.s will tell you. It is said that that organization of Southern Gentlemen in all accordance with Pan-Hellenic rules pledged a combine of 7 freshmen before pledge night. But the stitches came loose in one, and like Humpty Dumpty, they had a great tall. But undaunted they set out trying to buy some men. But the days of slavery are over.

Any freshman who doesn't get a bid to a fraternity or any upper classman whom everybody else has passed up—need never fear of going through college unbid. All he has to do is let the Phi Kappa Sigmas know he's willing and they'll do the rest. They are an oasis for the unfortunates.

When you see a flock of pugilistic looking individuals dressed like college boys — don't be alarmed, they're only Delta Tau Deltas looking for somebody to chew up. They were a good fraternity once but something must have happened to them. If you didn't know they went to college you'd call them roughnecks.

The O. T. A.'s have changed their name and Larry says they're going to be a howling success. It's a great consolation to be optimistic, anyway. Yet they have contributed a cheer leader and several musicians to the band. It's just a hard life—they may exist.

And the worst of all are the Delta Sigma Phis and Pi Kappa Phis. They are listed as fraternities but that's about all; which is the worse nobody knows and nobody cares, but any self-tespecting—non-fraternity man that joins either never forgets it. There should be a law against them.

"So my son, when you go to school pass up the Greeks, and join something American like the $\Sigma^{-\alpha}$

But P. Du Rock, Jr., had long since fallen asleep,

ANNOUNCEMENT FOR

1927-28

The College of Neckology and Kissological Arts

Professor U. Kissem Instructor of Technique Assistant Professor I. Huggem Instructor of Liberal Arts and Grips

(1) Principles and Purpose

The University, realizing the necessity of filling a void in its curriculum and desirous of raising its standards in keeping with the development of modern arts and sciences, has found this new college to be of vital importance to the future welfare and success of this great institution. The fundamental aim is to convert a crude practice into one with a nobler and more artistic scope.

(2) Labor Problems, Etc.

In this division of the course the two approaches to the labor aspect and the various phases of the problem are analyzed. Among the subjects considered are the points over which there is issue in the conflict, such as hours and working conditions, the open vs. the closed shop, employment and training of workers and similar topics.

Text Books: Bonnett, Necking Associations in the United States. Three hours a night for beginners. Elective. Usually open only to students who have completed Neckology 1.

(3) Statistical Methods and Research

The purpose of this course is to introduce the student to experiences of the past masters and to enable him to make independent research along such lines as statistical method is applicable. The latter half of the course will be devoted to making and analyzing of the students' individual researches.

Five hours a day or night. Elective. Only open to students of the graduate school. Text Books: Frotscher and Butler, Neckological Success and Methods.

WHO'S WHO????

THE TRIUMVIRATE

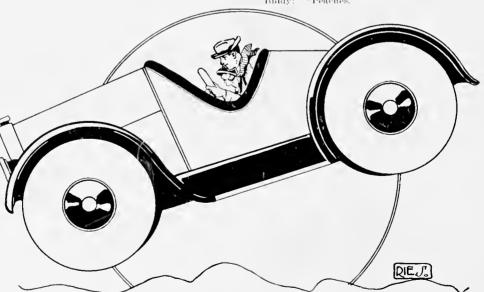

mourice sullivan

Puzzano. "What's your favorite song? Newcombite "Baby Face,"

Maurice: "What did you marry Murrel for?" Ries: "Forever."

The more we see of blondes the more we see of blondes.

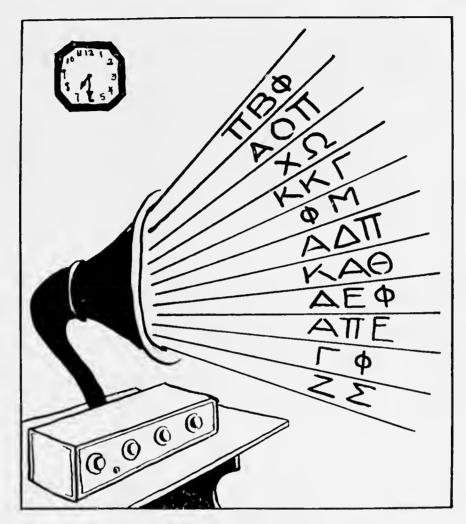

Clara: "Do you know what they call penches (not Teaches Browning) at Newcomb?" Walter: "No, what?" Buldy: "Peaches,"

Belle, Willey Denis: "Say, Wilbur, who was dat gentleman I seen your wife wit last night?" Dr. Wilbur Smith: "Oh, dear me! That was no gentleman, that was myself."

This is station C, A, T, broadcasting and the Bedtime Story Kid is about to begin the sad but true story of how the faculty of Newcomb College for dames one day decided that the little fraternity enties weren't on the up and up and so the time had come to wipe 'em out and clamp down the lid, and so they told each and every little fraternity that it would have to give at least one good reason why it should stay, which they all did.

Dear Teachers:

We love our teachers. We do love our teachers. We always try to do what's right, and when we are bad we at least try to be clever about it. (See minutes of Pan Hellenic). We are very necessary to this college. We are fine example) of public spirit, since in the last two years we

have generously let the student body presidency be turned over to rank outsiders. And we are also shining examples of what pull and jerk will do tor one in the Gym department, for instance. Our last claim to fame lies in our two traternity busses. (Aren't those dear little children cute?). These are a part of our recently launched advertising campaign for members. May it pay to advertise!

Yours for democracy, The Pr Bery Phis.

Dear Faculty:

We want to let everyone know that this ain't no Folse organization. We ride our own bycycles and always carry our lunch. Ain't we got the sweetest girl in Dixie and all that. If you kicked us off the campus, who'd give the free feed to the Phi Beta Kappas every year, anyway? And although nobody has heard much of us since Agnes Broussard won the tennis championship some years back, yet as long as there's an Alexandria our bunch has hopes,

A fair chance for everybody, ALPHA OMICRON PI.

Dear Profs:

Where do you get this stuff, anyway? Chi Omega knows its groceries. Don't we try to avoid all hard feelings among freshmen by sending bids to everybody? We do all the hard work around here and never get any recognition; in fact, we're too modest to accept office. We go out for the sweet school girl type. We also try to do the wright things by little sisters, come what Willia?

May we never weaken,

THE CHI OMEGAS.

Darling Faculty:

We have to admit that we are an asset to any establishment in being the backbone of the serious side of college life. We are models of unselfishness as you will see by the graceful and sisterly manner in which we allow the Pi Phis to carry off the Bone of contention. No one can deny that our fresh air farm in North Carolina doesn't work. Besides that we can always guarantee introductions to the best frat boys on the campus.

Diplomatically yours,

Карра Карра Самма.

THE 1927

Dear Faculty:

We're glad of this opportunity to inform everybody that we're still here, in case anyone has forgotten it. Of course, we realize we should have been better after the Fly got out of the ointment, but it don't look that way. Obscurity is just one of the trials good girls have to bear. Adele's poetry is about our only claim to fame. Anyway, don't anybody take a Page out of our book, or we're sunk.

Watch us, we might be somebody some day, THE PHI MUS.

Dere Teachers:

We're just dying to tell u all our good points, so as to get your K. O. on us. First, we are so housest we would burn at the steak before we'd brake a rule of Pan-Hell. Our motto is "get your woman." Look at the persevearing way we swung on to Irene from her fresh womanhood to what she is today. We never "interfere" with colidge activities. Anyway, it ain't every fritirnity what can get a Kappa little sister, is it? Not that we'd think of Tuten our own born!

More strength to Pan-Hellenic, Alpita Delta Pi, P.S.—Excuse speling, as we are to busy running the colidge to go to class.

Dear Professors:

We are just a little bunch of nice girls trying to get along and we'll say we got in some classy material last fall. If we can only keep it through the Freshman year we'll be sitting pretty. We are proud to advertise that we have the Belle of the Mitchner family at least. Our policy now is to grab the best of the country girls, we having consented to leave all the town girls for Kappa and Pi Phi. During rushing last fall some cat tried to sully our fair name by hinting we weren't exactly scrupulous. Oh, (PaShaw, we should worry. Those things will leak out.

Hoping to do bigger and better things, KAPPA ATPHA THERA.

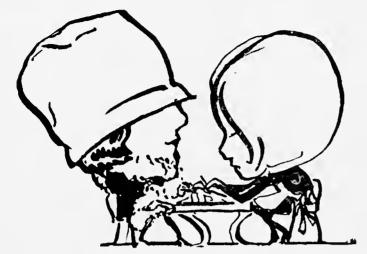

JAMBALAYA

Dear Faculty:

There's no doubt in the world but what Newcomb would fall flat were A. E. Phi thrust off the campus. (The kicks we've gotten by the ritzy have made us so modest). We hold the world's championship for the swell manicure, the Misses White, Bodenheimer, Cahn and Wolfe are staging a contest as to whose finger-nails can look the longest and reddest. Dot and Bab, of course, should be persuaded to have less to flaunt about their rival publications. Well, there's very little use making a fuss about kicking us off the campus. All our prominent girls leave honorably in June and judging by the death rate of the underclassmen, well, give us a year and we'll hang ourselves.

Snobbishly yours, Alpha Epsilon Phi.

Dear Faculty:

There's no use trying to bump us off. We won't be bumped. We're here and we're going to stay. We were just born this way. It's a poor Student Body meeting or Executive meeting which Marcel and Fannie can't bust up with their snappy repartee. We are all quiet and demure, altho' we will admit going on Y. W. conventions has made Naomi a trifle wild. Anyway, we try to live up to our motto: "Monkey business in everything."

Alpha Pt Epsilon.

Dear Professors:

We're so young that we haven't had a chance to do anything to prove our excuses for living. We are fast workers tho' and expect to do very well. You see a social light like Pat Lamb always helps. We swear by Virtue, and our favorite song is: "It wou't be long now." In fact we got our charter, and Gamina Phi is now

ZETA TAU ALPHA.

Dear Faculty:

Alas, we have no reason why we shouldn't be suppressed, kibashed and made extinct. All we can say is that it anybody wants to know all about the responsibilities of sitting on Executive, just ask Marie Louise Renaud. My dear: Why are we? Easy admission to the Glee Club promised to anyone who can help answer this question.

Yours hopefully,

ZETA SIGMA.

De Di Brys Ressist. Inroller y Class Lighter

"A Kiss with a Kick"

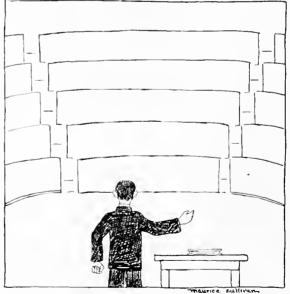

Louise: "Did you know that darling Paby Peggy was at the Orpheum in person last week?" Helena: "That adorable creature. I bet he was embarrassed to death."

Dr. Aldrich: "Andrus, use the word 'somet' in a sentence."
Skinny: "Franklin swore he hadn't taken my liquor, but I sonnet in his pocket."

Prof. McCutcheon: "What in the thunder is all this racket in

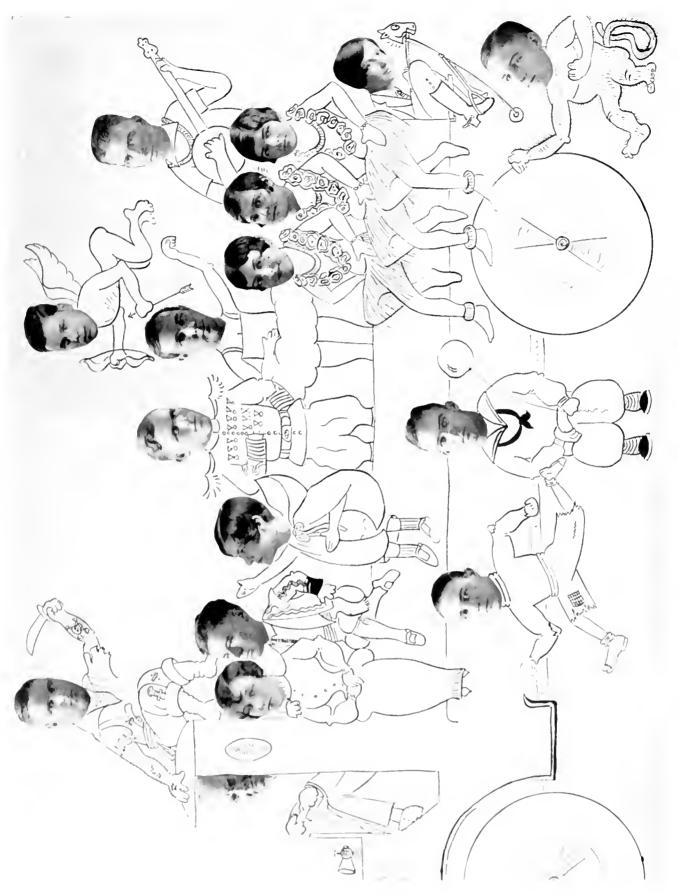

Parlongue: "Oh! That's just Broad's animal instinct cropping out. He made seventy in his English exam."

Vegetable Soup

Dear Mrs. Binkham:

You may print the following testimonial:

Before I came to Newcomb I was frail and unattractive. All the other girls pitied me when I arrived and eight sororities black-balled me. Fortunately, a true friend advised me to take your wonderful soup. After drinking 432 bottles of your vegetable soup I was a different person. I now belong to Zeta Sigma sorority and have had a 6:30 to 7:30 date with Sommer Benedict. I owe all my success to your wonderful soup.

Gratefully,

MISS IDRINKA LOTS.

"JAHN & OLLIER AGAIN"

FINE annuals, like brilliant victories, are brought about by the co-ordination of skillful generalship and the codination of skillful generalship and trained effort. The Jahn & Ollier Engraving Co. is America's foremost school annual designing and engraving specialist, because in its organization are mobilized America's leading ereative minds and mechanical craftsmen.
